Subject: DNF PETITION UPDATE - Saturday September 6th - One day left; closes midnight Sunday

Dear DNF Members,

Attached you will find an update on the petition to remove the DNF Board, and several events that have surrounded it. As of this Saturday evening, we have gathered 191 signatures.

This is going out to all DNF members who have signed the petition either online or on paper. It is also going out to DNF members we know of who have not yet signed the petition; but whose names and email addresses we have obtained from earlier petitions and sign-up sheets, as well as community member contacts we have whom we know are DNF members.

We have only used the DNF member list that we received earlier this week from staff to verify signatures as to whether they are from DNF members, and whether they are current members, or past due in their annual \$20 equity payments, or have already accumulated their paid in \$100 total. As long as you're a member and current in your equity payment, your vote will count. You can check with DNF staff at the checkout stand Sunday to see if you owe any payments at this point in time. We'd like to see everyone's signature count and have your voices heard, so please get your membership current.

Thank you all very much for your interest and involvement by signing the petition. We encourage those who have not yet signed to read the attached update and consider joining us in solidarity for a bright DNF future.

Sincerely,  
Root Routledge  
Pat Blair
